Cambridgeshire Community Services NHS

NHS Trust

Freedom of Information Response

Date: 3 February 2017
Log no: 842

Please provide me with an up to date Organisational Structure chart for all I.T middle management including all manager NAMES, contact details and job titles.

Please find attached our ICT structure chart.

Please note that is our Trust's decision not to release direct contact numbers as we operate a hot-desking system and individuals do not retain the same telephone number. We have provided the switchboard number for our corporate headquarters and all staff members can be reached via this number.

Employees in non-senior positions have a reasonable expectation of privacy and we reserve the right not to release their names. All job titles have been provided, and staff can be reached on the telephone number and email addresses as provided.
