Community Children’s Nursing Team

The Community Children’s Nursing Team provides a range of services to support children, young people and their families at home and in the community. We aim to prevent or reduce hospital admissions.

The team comprises of Children’s Nurses, Health Care Support Worker, Play Specialist, Family Support Practitioner and Administration Staff.

We are a teaching placement so students may accompany qualified staff on visits or in a clinic. If you do not wish a student to be present, then please let us know.

The team will work in partnership with families and other professionals with the aim of achieving a holistic approach to the care provided.

Please note that patient notes are stored electronically.

What we can offer:

- Administration of Intravenous, Subcutaneous and Intramuscular medication
- Gastrostomy, naso-gastric support
- Wound care
- Post surgery care
- Home traction
- Support, Information and Training
- Specialist Play Therapy
- Oxygen care at home
- Palliative care
- Oncology community support
- Nurse led clinics for Respiratory Syncytial Virus (RSV) prophylaxis
