Firstly, since 1st April 2010 what has been the maximum cost to the Trust of an elective operation being cancelled last-minute for non-clinical reasons? Please give additional detail as to what the operation was and how many members of staff were supposed to be working on the operation.

Our Trust has not cancelled any elective procedures for non-clinical reasons.

Secondly, please provide the total number of elective operations cancelled last-minute for non-clinical reasons for each quarter going back to 2010.

Our Trust has not cancelled any elective procedures for non-clinical reasons.

Thirdly, please provide the total quarterly cost of elective operations being cancelled last-minute for non-clinical reasons for each quarter going back to 2010.

Our Trust has not cancelled any elective procedures for non-clinical reasons.

For my second and third query, I attach an Excel document with a table for ease of inputting the data. I would be most grateful if you would use it.

Our Trust has not cancelled any elective procedures for non-clinical reasons, and have therefore not completed the attached spreadsheet.
