

Freedom of Information Response

Date: 27 April 2017
Log no: FOI 889

1) *Between 2012-2017 (to date), how many days per annum have doctors been unable to work due to stress, anxiety or depression? I would like this figure broken down for each year.*

Year	FTE Days Lost
2012	207.60
2013	28.70
2014	27.53
2015	11.25
2016	65.00
2017	2.00

2) How many full time equivalent doctors did the Trust employ on average in 2016?
The Trust employed 70.34 on average in 2016.
