

Now your child is 2 years old!

Dear Parent / Carer

Your child is entering their third year. They are learning lots of new skills every day such as talking and brushing their own teeth. All children develop these skills but they might develop these skills at a slightly different time and pace to their friends.

For more information about the new skills they are learning and their development please visit our website.

Your child's next health and development check is at the age of 3 1/4 yrs. with the 0-19 Team.

In the meantime if you have any concerns in regards to your child's health, development, safety, oral health, immunisations, diet, behaviour, toileting or speech & language development please contact your local 0-19 Team. via the Health Hub.
