3.1 Fair NHS recruitment and selection processes lead to a more representative workforce at all levels	E	E	<ul style="list-style-type: none"> CCS uses a range of NHS jobs, and up to 12 April 2020, uses a third party provider for some and an internal recruitment team for the rest, to support managers to recruit staff. The internal team will cover the whole Trust from 12 April 2020. Through the above we have assurance that there are processes and tools in place to monitor and record <u>all</u> aspects of recruitment activity and the Trust records and reviews reports on the progress of all applicants by the 9 protected characteristics. These are discussed at the Joint Consultation and Negotiation Forum and at the Workforce Diversity and Inclusion group, and an action plan is in place as part of the WRES to address any areas of bias in recruitment including BAME reps on all panels where BAME applicants shortlisted. The Workforce Diversity and Inclusion Group reviews Recruitment data by PCs as part of its remit. Values based recruitment, introduced in 2015 is continually reviewed to ensure all recruitment activity is based objectively on values, and help eliminate conscious or unconscious bias. Recruitment training covers this. 	R&R Policy NHS jobs Procedure D and I Recruitment Reports Minutes of JCNP meetings Notes and action plan from Workforce Diversity and Inclusion group.
