

Appendix 4 SICKNESS BENCHMARKING

Key Points

- The highest sickness rate for All Trusts in NHS England was amongst Support to Clinical Staff, in CCS this was also Additional Clinical Services (Assistant Practitioners, HCAs, HCSW, Nursery Nurse)
- The ranking of staff group sickness rates within CCS varied amongst the service areas
- In CCS, Luton Adult Services had the highest rate
- Out of the 12 comparator trusts, CCS ranked 10th highest
- CCS trustwide rate is 0.62% higher than the rate for NHS England, 1.01% higher than the East of England rate and 0.55% higher than the rate for all Community Provider Trusts
- Sickness rates in the Private sector are lower than those in the Public sector, and the rate published for by the ONS for Public sector workers is slightly lower than the current rate published for NHS England
- Trustwide most currently available sickness rates including / excluding Covid related:

Month	Incl Covid	Excl Covid
Nov	4.25%	3.92%
Dec	4.79%	4.16%
Jan	5.20%	4.23%

- Staff Group data not currently available at Trust level and other sector comparators
- Staff Groupings at national level slightly different to those routinely used within CCS
