

Are you less than 16 weeks pregnant?

Would you be willing to tell us how you feel about giving birth?

Fear of childbirth: Improving identification in maternity services (FOCUS2) is a research study that is looking to test a new measure of fear of childbirth. **This research study is open to anyone who is up to 16 weeks pregnant and living in the UK, whether you are fearful of childbirth or not.**

You can take part if:

- You are aged over **18 years old**
- You are up to **16 weeks pregnant**
- You currently live in the **UK**
- You have a good understanding of **English**

Scan the QR code to
access the survey.

What does it involve?

- 1) You will be asked to complete an online questionnaire.
- 2) You will then be asked to either repeat the survey or take part in a brief telephone interview within 2 weeks.

For more information, please contact:
Dr Rebecca Hunter - Lead Researcher
rebecca.hunter@liverpool.ac.uk

Dr Kayleigh Sheen - Principal Investigator
kayleigh.sheen@uwe.ac.uk

Following the telephone
interview, you will receive a
£10 voucher for your time
