

Community Paediatric Audiology Service Referrals Guidance- Luton

The Audiology Service offers a range of subjective and objective audiological assessments for children from three months to 18 years of age (and older for young adults still in a Special Educational setting). Assessments are carried out within sound treated test facilities at our sites in Liverpool Road Health Centre Luton and Redgrave Gardens Children Centre Luton.

Where do I send Referrals?

All referrals to the Community Paediatric Audiology Service must be made on the Referral Form and directed to the Community Audiology Service.

By secure email	ccs.lutonaudiology@nhs.net
By Post	Audiology, Liverpool Road Health Centre, 9 Mersey Place, Liverpool Road, Luton LU1 1HH
By System One	Electronic referral

Please use the generic referral form available on the Cambridgeshire Community Services website: www.cambscommunityservices.nhs.uk

Who Can Refer?

Any of the following can refer to the Community Paediatric Audiology Service:

- Newborn hearing screener
- GPs
- Health Visitors
- School Nurse/Child Health Advisor
- Speech and Language Therapists
- Acute or Community Consultants/Paediatricians
- ENT
- Nurse specialist

Who do we see?

Children with a Luton GP and one of the following:

- Any child failing a hearing screen (School screen)
- Initial professional, parental and school concerns regarding hearing and speech.

- Part of a multi-disciplinary assessment where there are concerns regarding communication
- Speech and language delay
- Long Term Monitoring for Ototoxicity and conditions/ syndromes with associated hearing loss.
- Newborn Screening Targeted Follow ups
- Surveillance/ monitoring of established non-amplified hearing losses.
- All Children under the age of three for audiological assessment or Children who need Visual Reinforcement Audiometry

Who do we not see?

We do not see children where there are:

- Continuous ear infection, wax and other ENT related problems. Refer to ENT
- Sudden hearing losses – Refer urgently to ENT
- Children who need aetiological investigations for hearing loss. Refer to Paediatrician
- Children who are using or need amplification and other technologies. Refer to Acute Audiology
- Balance or dizziness concerns. Refer to ENT
- Children with hearing-related disorders (including Tinnitus, Hyperacusis, Misophonia)

Sources of Information for parents/carers

If parents/carers are concerned and want additional information prior to being seen please refer them to useful information available on the Audiology Services page on the Cambridgeshire Community Services website, link below:
